Safe firearms storage

Responsible firearm ownership is something we at the Sporting Shooters' Association of Australia (SSAA) take very seriously. In fact, we have a long history of bringing the topic of firearm safety into the spotlight through our magazines, website and many other publications.

In 1999, we encouraged SSAA clubs to focus on safe firearm storage by providing each club with a Secure Your Gun, Secure Your Sport poster for prominent display at their ranges. In 2005 we launched the Secure Your Gun, Secure Your Sport campaign. Progressing on from our desire to create greater awareness among our members and the shooting fraternity about secure firearms storage, we created the National Gun Safe Voucher Program, which ran in 2009 and received support from the firearms industry and the then Minister for Home Affairs, the Hon Brendan O'Connor.

Firearms safety and storage is an ongoing issue and deserves your attention as a legitimate firearms owner, sporting shooter

and recreational hunter. The security of each firearm is up to the individual in possession of it. It is, however, up to all of us to do the right thing to protect our sport. So, ensure you have a secure means of storing your firearms and encourage your mates to do the same.

Police-approved safes are available in a variety of sizes and at a range of prices, meaning there is something for everyone and there is never any excuse for failing to properly secure your firearms. Remember, no matter how good a safe is, it still needs to be installed properly, so if you don't have the skills or time to install your safe, please engage a professional.

In an effort to help you be a responsible firearms owner who securely stores your firearms, we have listed a selection of commercially available safes. Please note that any prices listed are approximate and can vary.

For additional information regarding the storage and transportation of firearms, including on flights and when importing or exporting items through Customs, as well as contact details for each firearms registry, please visit ssaa.org.au/licensing

Firearm categories

Category A

- (a) Air rifles
- (b) Rimfire rifles (excluding self-loading)
- (c) Shotguns (other than self-loading, pump-action or lever-action)
- (d) Rimfire rifle/shotgun combinations

Category B

- (a) Muzzleloading firearms
- (b) Single shot, double barrel and repeating centrefire rifles
- (c) Centrefire rifle/shotgun combinations
- (d) Lever-action shotguns with a magazine capacity no greater than five rounds

Category C

- (a) Self-loading rimfire rifles with a magazine capacity no greater than 10 rounds
- (b) Self-loading and pump action shotguns with a magazine capacity no greater than five rounds

Category D

- (a) Self-loading centrefire rifles designed or adapted for military purposes or a firearm which substantially duplicates those rifles in design, function or appearance
- (b) Non-military style self-loading centrefire rifles
- (c) Self-loading, pump-action and lever-action shotguns with a magazine capacity greater than five rounds
- (d) Self-loading rimfire rifles with a magazine capacity greater than 10 rounds

Category H

- (a) All handguns, including air pistols

Added security with the SSAA Combination Trigger Lock

For added security and peace of mind when travelling with your firearm or when your firearm is not in use, try the SSAA Combination Trigger Lock. The lock has an easy-to-use, ergonomic design and will fit most rifles and pistols, measuring 6x3.5x6.5cm and weighing just 192g.

The SSAA Combination Trigger Lock (code TLOCK) is available for \$19.95 or \$35 for two, and is supplied with instructions on how to change the combination code.

Order online today at onlineshop.ssaa.org.au

Small safes - for handguns & ammo

Hunt-Pro HP1

Category: H
 Capacity: 3
 Dimensions (WxHxD):
 320x400x350mm
 Construction: Steel
 Weight: 32kg
 Body: 6mm
 Door: 6mm
 Finish: Blackstone (powder coated)
 Fixing mechanism: 4x bolts included for installation
 Locking mechanism: H-Lok anti-pry, locking pins
 Features: High security H-Lok anti-pry design, full carpet lined

Hunt-Pro HP2

Category: H
 Capacity: 8
 Dimensions (WxHxD):
 550x450x400mm
 Construction: Steel
 Weight: 74kg
 Body: 6mm
 Door: 6mm
 Finish: Blackstone (powder coated)
 Fixing mechanism: 4x bolts included for installation
 Locking mechanism: H-Lok anti-pry, locking pins
 Features: High security H-Lok anti-pry design, full carpet lined

Lokaway L66P

Category: H
 Capacity: 3
 Dimensions (WxHxD):
 400x350x390mm
 Construction: Steel
 Weight: 22.3kg
 Body: 6mm
 Door: 6mm
 Finish: Blackstone (heavy duty powder coated)
 Fixing mechanism: 4x bolts included for installation
 Locking mechanism: Patented Swing 'N' Slide locking system
 Features: Easy to hide size. Patented Swing 'N' Slide technology for extreme anti-pry protection. Anti-drill plate, high security keylock, full carpet lined, patented internal hinges

Spika SPP1

Category: H
 Dimensions (WxHxD):
 450x550x400mm
 Construction: Steel
 Weight: 64kg
 Body: 6mm
 Door: 6mm
 Finish: Blackstone with g
 Fixing mechanism: Floor
 Locking mechanism: Key
 Features: Keylock security system, complete H class secure, durable blackstone powder coated finish, taupe carpet-lined interior, adjustable shelving options
